About David Guy

David is the principal of an exclusive Harley Street dental practice, and a referral implant and complex restorative practice in Cardiff. He was awarded a distinction in his MSc in Implant Dentistry from Warwick University. He qualified from Cardiff where he was awarded the Wystan Peach prize for Restorative Dentistry. He completed, with Distinction, his Certificate in Restorative Dentistry at the Eastman Dental Institute, University College London. He has been awarded a Fellowship of the British Society of Oral Implantology. He has been on the committee of the British Society of Oral Implantology. He has been an Associate Fellow of the Clinical Institute of Education at Warwick Medical School and involved in teaching on the MSc course. He also completed research with Swansea University on Tissue Engineering for bone augmentation.

Course Delivery

The course is delivered via lectures, surgical videos, hands-on practicals, and live surgery demonstrations. Laptops with implant planning software are provided for case planning workshops. Maximum 6 participants.
